Apart from the celebration of SARL 95 in 2020, it is also 200 years since the arrival of the 1820 Settlers in South Africa. On 17 March 1820, the first Settler ship arrived in Cape Town. About 60 different parties landed in Algoa Bay between April and June 1820. They were granted farms near the village of Bathurst in the Eastern Cape and other settlements in the area. A group of the 1820 Settlers continued on to Natal. Here is an opportunity for a Club to activate a special event station to celebrate this event.

## OQRS Hints & Tips

This is the same system used by M0OXO: "an integrated on-line bespoke Log Search, OQRS and QSL Manager application", which "offers useful tools for DXers and DXpeditions and strongly supports the QSL manager workload automating the most time consuming QSLing processes".
